RE: Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, Third Report and Order - MB Docket No. 05-311

Dear Ms. Dortch,

On behalf of the citizens of the town of Holliston Massachusetts, Holliston Cable Access is writing to formally express our grave concerns and disagreement with the Federal Communications Commission's ("FCC") proposed Third Report and Order ("Order") requiring Local Franchising Authorities ("LFA") to treat cable-related, in-kind contributions as franchise fees subject to the statutory five percent franchise fee cap, and regarding the LFA's ability to use its cable franchising authority to regulate the mixed-use network of an incumbent cable operator that is not a common carrier.

The loss of revenue caused by the Order will force HCAT to suffer a dramatic reduction in the scope of PEG channels, or lose them altogether. HCAT provides a invaluable service to the town that no other source can equal. We provide free education, training, and television programming that is important to the community. [Save Holliston Cable Access](#)

We oppose this Third Report and Order and ask you to reconsider. We ask you to safeguard the public interest by maintaining the current franchise fee structure and honoring the authority of cities and towns to control their public rights-of-way.

If you have additional questions or need further information on this matter, please do not hesitate to have your office contact me here at HCAT at (508) 429-8979 at any time.

Sincerely,

Chris McKnerney
